

## MUCHEA SHEEP REPORT 6<sup>th</sup> March 2018

This week's Muchea trade sheep sale saw a slight reduction of numbers which is normal for the Tuesday following the long weekend. A total yarding of 10,665 sheep and lambs offered and sold with 7146 lambs and 2578 with the market holding strong recent values. A good quality yarding of lambs suitable for the trade saw all buyers operating and keen to buy to see a sale top of \$150 and ranging \$140 under good spirited bidding. Lighter lambs met good grazier support to see these make between \$72.50 to \$109. Better quality mutton returned values up to \$132 for lines with medium wool length and \$131 for bare shorn, this was also fully equal to last sale. Ewe hoggets attracted excellent grazier support for lines suitable for joining and under very good spirited bidding were secured at a sale top of \$140.50 while the lesser drafts ranged from \$75 to \$109 and were sold to restockers as no hoggets were trade suitable. A small yarding of wethers saw two exporters operating and added to this, grazier and restocker interest, ranging between \$120 and \$142 for heavy weights and \$71 to \$100 for light to medium weights. Rams today were again unchanged with live shippers and processors in the market.
