

MUCHEA VEAL REPORT 6TH MARCH 2018

Reduced numbers came to hand again this week at Muchea Veal Sale to see a total of 87 offered and sold.

The quality was again mixed however due to a shortage in numbers all classes were sort after with restockers and butchers active on better quality types.

Locally bred bulls ranged from \$320 to \$400 while medium to heavy weight calves ranged between \$600 and \$650.

Local steers made between \$500 and \$570, back slightly on last week.

Heifers again in short supply, local and pastoral drafts were lacking quality however demand saw prices from \$205 to \$355.
